

East Central Region 2026 MATHCOUNTS Competition Parking

Saturday, February 7, 2026
University of Tulsa Campus
Allen Chapman Student Union

The East Central Regional MATHCOUNTS competition will be in the Allen Chapman Student Union (U on campus map, circled in red) at the end of E 5th Place west of S Gary Place. The Union Lot (UL circled in red) at the south side of the Union has very limited parking but can be used for drop-off from passenger vehicles. The recommended parking is in the McFarlin Lot (ML west of the Union on E 5th Street), the Keplinger/Law School Lot (K-LL north of the Union on E 4th Place) and the Lorton Performance Center Lots (LPL east of the Union at the corner of E 5th Place and S Gary Place.) Large buses are best in the K-LL lot. The best access routes to these areas of the campus (northwest of 11th Street and Harvard Ave) are from E 4th Place off Harvard or Delaware Avenues. Delaware and Harvard have access to and from Interstate 244 a few blocks north of the campus. Parking is free. Registration and testing is on the 2nd floor of the Union. An elevator is available near the west entrance into the Union.
